About Bodet Limited

Bodet has been offering clock systems, class change systems and Time and Attendance solutions for over 25 years.

Bodet's devotion to constant improvement has enabled Bodet to become the European leader in the Time Management sector.

The Accident and Emergency department at Sheffield's Northern General Hospital uses Bodet's clock system to ensure synchronised time across its premises.

Steve Brown, surgeon at Sheffield's Northern General Hospital, explains his experience of working with Bodet and the benefits of using Bodet's **synchronised clock system in healthcare.**

Ensuring synchronised time in your hospital

Synchronised time is crucial in hospitals to record key events, ensure patients receive treatment at the correct time and are assessed at precise intervals.

Steve explained they *"researched who offers the most reliable clock systems and quickly realised Bodet is the leading provider"*.

He commented further that *"the easy-to-use system is combined with clocks which offer accuracy and a clear display for a hospital"*.

Reliable systems and services

Bodet prides itself in offering a high level of customer support as well as high quality clock systems to ensure complete customer satisfaction.

Steve feels the technicians have given helpful advice and concludes: *"I am very pleased with the product and I will not hesitate to choose it again in the future"*.
